“Grounding
Planning in Culture”

CO-HOSTED BY
Kitsumkalum First Nation and
Indigenous Services Canada

October 10-12, 2018 • Kitsumkalum Hall • Terrace, BC

Welcome to the 14th annual **Comprehensive Community Planning (CCP) Workshop**, co-hosted by Kitsumkalum First Nation and Indigenous Services Canada, in Terrace, BC.

CCP is a community-owned, community-driven, and holistic planning process that allows First Nations to build their roadmap to a healthy, sustainable, vibrant future. The First Nations of BC have rich and varied cultures, languages, and traditions, and their plans are as diverse as their communities.

In BC, over 100 First Nations have initiated the CCP process since 2004. As a result of the community planning successes across the province, BC is fortunate to have some of the leading First Nations planners across the country. Some of these fabulous facilitators and presenters are here with us over the next few days. While these planners share their planning stories and lessons learned, please remember to also share your unique knowledge and gifts with the people you meet.

Enjoy the gathering!
