

WHO should attend?

CCP Coordinators, Planners, Administrators, Leadership, and Youth are invited to attend. Funding is available to support travel and accommodation for ONE participant per First Nation (up to a maximum of \$700).

WHY should we go?

Through Comprehensive Community Planning (CCP), many First Nations in BC are using a cultural, holistic approach to develop and implement the visions and goals of their communities. Join us to learn more about how to make this type of planning work for your community.

WHAT will we do?

The CCP Workshop will offer a variety of interactive sessions and learning events, including presentations, small group activities, hands-on workshops, a community tour, a cultural evening, and the opportunity to meet with First Nations and organizations from across BC.
